SUNDESTINATIONS™

INTRODUCTION

Haina Kalahari lodge is an authentic safari lodge situated in the heart of the Kalahari, on an 11000 hectare private wildlife conservancy, bordering the Central Kalahari Game Reserve. There are well appointed canvas tents situated spaciouly around the camp and interlinked with pathways. Each tent is on raised wooden platforms and offers a sense of isolation. Haina Kalahari Lodge offers the opportunity for guests to walk with the Bushmen, the original inhabitants of the Kalahari and learn how to live off the land. The Black-maned lions, endangered cheetah and the open savannahs are a major drawcard of the area. Relax in luxury and listen to the sound of wailing Jackals – the “cry of the Kalahari.”

GENERAL TRAVEL INFO

Malaria

Haina Kalahari Lodge is located in a malaria area, although it is a low risk region. Many people choose not to take prophylactics and instead exercise precaution. There are mosquito nets in the chalets and anti-mosquito spray. If you choose to take prophylactics please consult your local physician and we recommend that you take proper medical advice in your home country.

GENERAL TRAVEL INFO

Weather

The parched riverbeds of the Kalahari are replenished from November to March during summer's rainy season, as short-lived, yet frequent, thunderstorms urge refreshing bursts of rain showers. Newborn vegetation and saturated soils invite aggregations of herbivores to the fossil riverbeds, resulting in unusually high predator concentrations; with the Kalahari's iconic black-maned lions and the endangered cheetah featuring largely in guest experiences.

Wildlife

The Kalahari is an interesting destination for wildlife. The two iconic species in the Kalahari are the black-maned lions and the Oryx (Gemsbok). Several territorial leopards and cheetahs can be seen moving swiftly through the conservancy.

Unique sightings include the Brown hyena, blue wildebeest, eland and a variety of snake species. There are also species of giraffe, zebra and other small mammals.

What to Pack

During the summer months the weather can be hot and sticky. You may want to bring a few outfits.

- Comfortable walking shoes
- Sun hat, sunglasses and sunblock
- Cameras and binoculars
- Light, neutral coloured clothing
- Bathing suit
- Warm jackets essential in winter (May – Oct)
- Beanie and gloves – the mornings are cold during winter
